**EUROPLANTS SUFFER SABOTAGED COMMUNICATIONS**

BT Telecom lines in part of central Hertfordshire were sabotaged last week leaving thousands without communications. Europlants UK Ltd suddenly found themselves without lines of communication.

Mark Smith of the Europlants Sales office said 'it could not have come at a worse time as we were starting to publicise our Promotional Days which are coming up on 19<sup>th</sup> November. Making sales calls from my mobile is not ideal!

Europlants moved into its new offices 6 weeks ago and will be showcasing its new display area this week
